I was not targeting any specific time. How about 1, 15, 20 and 22 as options.

Thanks. Are you targeting any particular weeks? The week of December 5 is bad for me all week. Otherwise I can generally make 2 or 3 days in any given week work. Let me know if you have any general idea about timeframes, and I'll pass on specific dates.

Chris:

We completed our UP briefing with the EPA team yesterday. Rick Baird is going to stay involved during the transition so that it occurs smoothly. Getting the team together is hard due to the size of the group, so we should begin to make arrangements. If you could provide me with some dates I will begin the dance to set up a meeting.

Regards,

Kevin
